## TECHNICAL SKILLS

**Front-End:** ReactJS, NextJS, TypeScript, JavaScript, HTML, CSS
**Backe-End:** NodeJS, ExpressJS, Postman
**Databases:** MongoDB, Cloud Firestore, MySQL
**Version Control:** Git, GitHub
**Component Frameworks:** Tailwind CSS, Bootstrap
**Hosting:** Vercel, Firebase

## PROJECTS

- **My Portfolio** [Live](#). [Github](#).
  - **Tech Stack Used:** NextJS, TypeScript, Tailwind CSS, Web3Forms
  - **Dynamic Portfolio Webpage:** Built with Next.js, TSX, and Tailwind CSS for a visually appealing and responsive design.
  - **Showcase of Skills:** Highlighted projects and achievements, leading to a 60% increase in visitor engagement and a 40% rise in profile views.

- **AirWatch - Pollution Monitoring Dashboard** [Live](#). [Github](#).
  - **Tech Stack Used:** NextJS, TypeScript, Cloud Firestore, Tailwind CSS
  - **Website Development:** Developed an interactive dashboard to monitor air quality across regions, with real-time data visualization and a responsive, user-friendly interface.
  - **Functional Enhancements:** Improved page load time by 35% using optimized data fetching and lazy loading techniques. Increased user engagement by 40% through enhanced UI/UX and interactive map components.

- **Quizify - Quiz Taking Platform** [Live](#). [Github](#).
  - **Tech Stack Used:** VanillaJS, NodeJS, ExpressJS, Firebase, Cloud Firestore, Bootstrap
  - **Website Development:** Built a responsive quiz-taking platform with a clean interface, enabling seamless quiz creation, participation, and result tracking.
  - **Feature Implementations:** Developed a client-side anti-cheating mechanism, reducing cheating attempts by 30%. Implemented real-time quiz updates and result calculations using Firebase, improving performance by 40%.

## EDUCATION

**Government Engineering College Bilaspur**  Bilaspur, CG
*B.Tech CSE - CGPA 8.33*  *Oct. 2022 – Sept. 2026*

**Amresh Sharma Public School**  Bhilai, CG
*Class XII - 82.8%*  *July 2022*

## TRAINING EXPERIENCE

- **Full Stack Web Development**  **Remote**
  *Persistence Software Solutions*  *July 2024 – Aug 2024*
  *Key Learnings:* MERN stack, REST APIs, responsive UI design
  *Certificate:* [Certificate Link](#)
